

Comment Form

King County Parks invites your comments on the **Eastside Rail Corridor Trail Master Plan and EIS Scoping**. The public comment period for the project is from June 8, 2015 to July 17, 2015. All comments received or postmarked by July 17, 2015 will be addressed in the scoping of the Draft Regional Trail Master Plan and EIS. This form may be submitted by mail to ERC Trail Master Plan Project; King County Parks; 201 S. Jackson St., Suite 700; Seattle, WA 98104. Comments may also be provided online at <http://eastsiderailcorridortrail.questionpro.com> or by email to: erctrail@kingcounty.gov.

The EIS will address potential impacts to ecological resources, neighboring residents and businesses, traffic patterns and access, as well as safety considerations. Which of these issues are important to you? Are there additional issues we should evaluate in the EIS?

Are there any special considerations King County should take into account while designing trail alternatives? (e.g. neighborhood access, amenities, views)

People use trails for recreation, exercise, commuting to work or school, running local errands, and visiting friends and family. How do you envision using this regional trail?

Do you have any other comments or questions we should consider in trail master planning or scoping the EIS?

Thank you!
